The placement audition is a dance technique class and advising session for students who will be enrolled at SFSU for the Spring 2020 semester. Students will receive course recommendations and permit numbers to add dance courses that begin on Monday, January 27.

Prospective dance majors (high school and community college students), who will not yet be enrolled at SFSU in Spring 2020, may participate in the placement audition on January 25. Prospective students will receive information about the B.A. in Dance but they will not receive course recommendations. Dancers can make significant progress in 8 months; therefore, prospective students who decide to enroll at SFSU for the Fall 2020 semester will need to attend the August 2020 placement audition in order to receive course recommendations for the Fall 2020 semester.
