Presentations on November 17<sup>th</sup>-20<sup>th</sup>

Direct questions to Bruce Avery: [bravery@sfsu.edu](mailto:bravery@sfsu.edu)

### **Show Summary:**

A new devised piece drawn from our students' personal experience during the current pandemic. These will be stories of people learning alone, while also learning to be alone. The actors will be speaking their parts...alone. The auditors will be hearing those parts on their headphones and creating pictures in their imaginations...alone. As the auditors listen by themselves, they will be imagining other people being alone. Perhaps, we will all feel a bit less lonely.
