LAND ACKNOWLEDGMENT
We would like to acknowledge that the campuses of San Francisco State University on the San Francisco peninsula and north bay are located within the occupied territories of the Ohlone peoples and the Coastal Miwok (who, along with the Southern Pomo, are organized as the Federated Indians of Graton Rancheria). In this time of distance learning, the lands upon which students may sit as they think and learn may have additional Indigenous histories. We encourage students to learn these histories by beginning with the database https://native-land.ca/. We would also like to acknowledge the many ways in which a historically White Western canon of dramatic literature has often been a potent tool of cultural oppression and erasure. Because theatre is carried out with and on live bodies, it is vital to understand this history, recognize its continued impact, and make space for artistic and scholarly work that counters this oppression.
